PROFILE

A 29-year-old man living in Hämeenlinna, enthusiastic about learning new things and taking on challenges. I adapt quickly to different work environments. I enjoy working in a team and helping others. My portfolio projects can be found via the link on my website.

WORK EXPERIENCE

Sako Oy 2019 - 2021
DIGITAL MARKETING CO-ORDINATOR

- Produced digital marketing content for various channels, mainly using Adobe software.
- Participated in planning a major website renewal in 2021..
- Completed my bachelor's thesis here as part of my Information and Communication Technology engineering studies.

Riihisoft Oy 2018

- Worked as an apprentice while studying at Häme University of Applied Sciences.
- Learned to use the AngularJS framework and how it is applied in company website development.
- Created a promotional video for the company.

Self-Employed Entrepreneur 2018 - 2024

- Worked as an entrepreneur creating various websites for different clients.
- Websites are listed on my portfolio site.

IT Support

- Worked as an IT support trainee at Hämeen Konttoriteknikka, the Ypäjä riding school, and the Santahamina military base.
- Tasks included computer installation, maintenance, troubleshooting, and customer support.
